Romans 8:14-17, Colossians 3:1-15

Pastor Adam Keath

What passages, points, or parts of the message stood out to you?

Have you considered that you are an adopted son/daughter by faith in Jesus? How does this connect with you?

Do you believe you live more with a spirit of fear/slavery or a spirit of adoption? Why?

Of a “new mind, new work, new freedom and new name” which connects most with you? Which do you need to believe right now?

From scripture, what else is “new” when we enter the family of God?

What old name(s) do you need to leave behind? What new name(s) do you need to live into?

Reread Colossians 3:12-15. In what ways do you believe our church is strong in these areas? Where can we improve? What about for you personally?

Can you share at least one personal takeaway from this morning's time together?
