

## **A Tool for the Way Forward**

Questions to ponder in light of today's message:

After reading through Luke 15:11-32, what character in the story do you most relate with? Why?

The father's response to his younger son is Christ-like. How do you imagine this story playing out if it happened today with society's morals?

Which is most difficult for you and why?

- Understanding Christ's forgiveness for you
- Forgiving yourself
- Forgiving others

Can you relate to the quote below? Which one comes easier to you: activity or intimacy?

"The older brother in the Prodigal Son parables shows that you can be in the Father's home and still be far from the Father's heart. God never intended we do for Him without also doing with Him. Activity is a terrible trade off for intimacy" -@iansimkins

Today's message is called "A Tool For The Way Forward." The tool focused on today was forgiveness. What other tools would help Christians continue to do God's work? (Love? Humility? Boldness?)

Do you sense the Lord promoting you to forgive?
